This curriculum map is only a guide. Students must ensure that they are meeting the curriculum requirements set by the departments which teach the courses in the curriculum, approved by the Academic Council and administered by the Office of the Registrar.

1 Preceded or accompanied by Chem 4 or an equivalent training program approved by MS&T
2 Requires a grade of C or above to satisfy requirements.
3 Either take Math 204 and one statistics course (Stat 213 or 215) or an introductory statistics course (Stat 213 or 215) plus an advanced statistics elective (Emgt 385, Stat 320, 346, or 353)
4 All Ceramic Engineering Students must select an advanced chemistry elective with advisor's approval. The courses that can be considered are Chem 221, 225, 237, 241, 331, or 343

Effective Fall 2008
